

LETTER OF INTENT TO INITIATE ACTION

To Whom It May Concern

Prime Minister Justin Trudeau is a traitor and is committing treason. He has betrayed Canada and all of its peace loving hard working citizens by continually and deliberately placing us in increasing danger of violence while using taxpayers' dollars and other government resources to achieve his goal.

Selling Out Canadians. The latest federal budget gives foreign countries, including China and Russia, access to confidential tax information of Canadian citizens. This budget now allows foreign countries to conduct their star chamber type investigations and prosecutions of Canadian citizens with the participation of the Canadian government. The new change is that Canada would now provide foreign countries, not just confidential tax information, but also bank records of Canadian citizens. This is a globalist agenda and a direct attack on Canadian sovereignty by our Prime Minister.

Preaching/Teaching Hate and Violence. Many mosques and Islamic schools in Canada are espousing extremist teachings. In some of the libraries there was found nothing but hate literature. The ideology of Islam is one of violence and death for unbelievers and the main targets of Islam are Jews and Christians.
<https://www.thestar.com/news/canada/2016/08/22/islamic-schools-mosques-in-canada-are-filled-with-extremist-literature-study.html>. The main instrument for teaching and preaching hate is the Koran which calls for the death of the infidel over 100 times. Here are just two examples. Koran 2:191 "Slay the unbelievers wherever you find them." Koran 5:33 "Maim and crucify the infidels if they criticize Islam." Motion M-103 was generated by MP Iqra Khalid due to petition E-411 (ISLAM) <https://petitions.ourcommons.ca/en/Petition/Details?Petition=e-411> which was initiated by Samer Majzoub. This motion once legislated will effectively allow the followers of Islam to continue preaching hate and violence and make it illegal to criticize such practices. This is effectively censorship and places all Non-Muslim citizens in physical danger along with the threat of legal action for speaking about this danger. This is treason in its purest form and actions we would expect from a dictator.

Toronto Masjid mosque calls for the death of all Jews and Christians <https://www.youtube.com/watch?v=13WTFjcZWes>. Montreal mosque imam preaches Jews are the most evil of mankind, human demons, quotes kill Jews passage from the hadith <https://www.youtube.com/watch?v=uSzStd3kN3E>. Vancouver mosque preaches it is our duty to share the jihad against the Zionists <https://www.youtube.com/watch?v=SkW-mFuYP4E>. Sandra Solomon, born in Palestine and lived in Saudi Arabia, is an apostate from Islam and exposes imam hate speech in Quebec <https://www.youtube.com/watch?v=SkW-mFuYP4E>. Sandra was taught from age 5 to hate Jews and this extremist hate and brainwashing was done on a daily basis. These hate speeches are tolerated by Prime Minister Trudeau and supported by turning a blind eye or minimizing these incidents by not prosecuting.

Why is it that islamic clerics can preach hate and violence while at the same time Canada is in the process of criminalizing criticism of islam and calling it islamophobia? This is in reality censorship and treason by Prime Minister Trudeau. Ordinary Canadians will be destroyed personally, professionally and financially for stating the truth. This is the action of a dictator.

Refugees/Illegal Immigration/Open Borders. On 28 January 2017 Prime Minister Trudeau issued the following statement on Twitter. "To those fleeing persecution, terror and war, Canadians welcome you, regardless of your faith. Diversity is our strength. #Welcome to Canada. Thus, began the flood into Canada of tens of thousands of illegal immigrants from the United States of America who were slated for deportation and repatriated to their home country. The USA is deemed to be safe third country yet Prime Minister Trudeau once again commits treason by allowing these people to enter Canada illegally. The very first thing these people did when entering Canada was commit an illegal act and this illegal act is supported by the Prime Minister. This is further evidence of treason and the globalist agenda of open borders.

Illegal immigration from the USA is an organized human smuggling ring with a network of smugglers and organized transport drivers who know how to circumvent laws and bilateral agreements. This illegal activity is fully supported by Prime Minister Trudeau by refusing to establish border field crossings at locations such as Hemmingford and Emerson and designating them official points of entry. Prime Minister Trudeau has refused to treat these illegal crossings as Irregular Arrivals which would allow immigration officials the tools to properly vet and screen these people for security reasons and help identify any criminals or terrorists masquerading as refugees. Prime Minister Trudeau further compounds this problem by understaffing of CBSA and RCMP officers at these border field crossings and jeopardizes the integrity of the immigration system. Prime Minister Trudeau is either willfully complicit or negligent and continually acts in a treasonous manner and acts like a dictator by not providing numbers of asylum seekers and the CBSA union president has described this situation as a crisis.

The health care system is overloaded, underfunded in many jurisdictions, and priority is given to immigrants while the taxpayer funds this priority and is put on a waiting list or continually shoved down the waiting list for needed surgery or treatment. Dental care is also provided free of charge to immigrants while the taxpayer is charged the cost of services. The risk of immigrants with infectious diseases such as tuberculosis and sexually transmitted diseases is real and places a further burden on our already overburdened health care system and once again threatens the safety and security of Canadian citizens.

Assault and Sexual Assault. On 16 October 2016 Prime Minister Trudeau made the following statement. "I will be personally responsible for harm that may come to any citizen of Canada. Any harm, from any refugee, brought into Canada by my government. I stand personally responsible."

Soleiman Hajj Soleiman, a Syrian refugee who entered Canada under authority of Prime Minister Trudeau, is standing trial for six counts of sexual assault and another six counts of sexual interference on six minor girls stemming from an incident at Edmonton's World Water Park wave pool 4 February 2017. The outcome of this trial will be determined in April 2018. Mohamad Rafia, a Syrian refugee who entered Canada under authority of Prime Minister Trudeau, has been convicted of beating his wife with a hockey stick and threatening to kill her. Rafia stated that he didn't know it was a crime to beat his wife. He pleaded guilty to assault causing bodily harm and uttering threats. His punishment was 8 days in jail and one-year probation.

Assaulting and sexually assaulting people is a cultural norm in some countries and Prime Minister Trudeau is specifically inviting people from this culture into Canada without due consideration of the safety and security of Canadian citizens. Deporting criminals convicted of assault and sexual assault back to a country such as Syria is impossible until their country is certified as safe. Vetting of refugees and immigrants has been relaxed due to political pressure that asking such questions is racist. Prime Minister Trudeau expedited the refugee immigrants into Canada for political reasons and did not provide proper screening and vetting procedures. Syrian refugees were already living in a safe country such as Lebanon, Jordan and Turkey. The hurry to bring these refugees in too quickly and improperly has proven to be a threat to the physical safety and security of people living inside Canada.

Assault and sexual assault is occurring on the streets of Canada on a daily basis. Media and police have been instructed not to report the ethnicity or cultural background of the accused assailant if they are suspected of being from the Middle East or Asia where the dominant religion is Islam. Statistical data is therefore faulty and when the religion of Islam is reported as a factor in the incident howls of racism and islamophobia are heard coming from government officials at all levels. There have been several incidents across the country of Muslim students threatening and assaulting Christian students along with a host of other cultural problems yet the media, police and school officials are silent on the matter. Prime Minister Trudeau supports the current status which is putting Canadian students and other citizens in danger of being threatened and assaulted.

Support to Canadian ISIS Fighters (Traitors). According to CSIS 60 Canadian ISIS fighters are now inside Canada. These traitors embraced an ideology of rape, slavery and beheading. Prime Minister Trudeau is supporting these traitors with reintegration programs which includes financial support and education. Today the Prime Minister treats a traitor like a quisling which puts our citizens in danger of extreme violence. Only in Justin Trudeau's Canada do traitors get support instead of punishment. Monitoring these traitors is very difficult, manpower intensive and very expensive.

Conclusion. Justin Trudeau is putting the citizens of Canada in danger instead of his highest priority which is safety and security of Canadian citizens. This danger is being accomplished mainly through immigration, asylum seekers, refugees and protection of traitors. He is using political correctness, taxpayers' dollars and abuse of government departmental human resources. Justin Trudeau has also proven to be a global embarrassment and laughing stock by being the first sitting Prime Minister to break the Conflict of Interest Act. Justin Trudeau has proven to be continually negligent and dangerous to public safety. Trudeau has displayed more than sufficient evidence to be immediately charged with treason.
